DogPark

Equipment

Go Outdoor Amenities' Dog Park equipment line has been specifically designed to cater to dogs of all sizes. These equipment pieces are inspired by obstacles used in agility competitions and can help improve the speed and training of your canine companion.

Our equipment is manufactured using high-strength, round carbon steel tubes, plastic wood, and fully recycled plastic tubes. These materials ensure the durability and long-lasting performance of the equipment, even in harsh weather conditions. Additionally, our equipment is coated with electrostatic paint, providing excellent resistance to environmental factors. The plastic tips are added to protect animals from any sharp edges, making our equipment not only safe but also enjoyable for pets and their owners alike.

Our Dog Park equipment line provides a secure and robust play area for pets, allowing children and adults to safely interact with their furry friends. We take pride in offering top-quality dog park equipment that is both functional and visually appealing.

Stepping Paws

The round platform is an obstacle of outdoor training, developed for all sizes: big, medium and small dogs, it improves the agility and command of your pet. The function main purpose of the equipment is to be used as a resting place for the dog or a jump hurdle. It has electrostatic painting corrosion resistance.
